Mr. Tim Dagg
Dagg's Asphalt and Sealcoating
9699 Mentor Rd
Chardon, OH 44024

Dear Tim:

Thank you for your generous contribution of sealcoating all the asphalt driveways and parking areas at Highbrook Lodge. Your response to the request for help from Eaton Corporation for their United Way Day of Caring project is far and above what was expected and was a significant part of the overall success of the day.

We are all moved by the goodness and generosity of Eaton's corporate commitment, and the personal efforts of the Eaton Employees. The magnitude of the projects and the legions of people involved have left us all awestruck. Your personal response with your crews, equipment, materials and donation is an inspiring act of philanthropy.

Your participation exemplifies, in spirit and action, Eaton's theme of the day - "Dream Give Do." It is our hope that all of your crew feels a deep sense of personal pride and accomplishment from their hours spent at Highbrook Lodge. Their efforts saved dollars for programs and services at Highbrook, and lifted the spirits of every staff and volunteer because of the way you all showed you care.

Tim, from all of us associated with Highbrook Lodge, we thank you and the employees of Dagg for saying yes and giving us a gift that will last years for the benefit of the people we serve.

Gratefully,

Steven M. Friedman Ph.D.
President and Executive Director
